**M8 Magazine, UK**

Anton Newmark is one of the most hot & talented producers. Sure he will rise to the top!

**LocaFM, Spain**

Anton Neumark is at the forefront of the Russia dance scene with an innovative talent and creativity coupled to fresh attitude and friendly nature! Anton sets the standard for the other DJs to follow with his productions consistently breaking new musical ground as well as his undeniable talent behind the decks leaving a trail of clubs rocked and dancefloors decimated within Russia and across Europe and beyond!

**Tania Von Pear, Gallery UK**

I have been a fan of Anton Neumark for several years. I have played close to everything he produces. I love the way he keeps it credible and still accessible - you can drop an Anton Neumark track at a underground party and at a more commercial house party. The party will go off.

**Asle Bjorn, Full Blown Denmark**

I like his productions...

**John Aquaviva, USA**

Anton Neumark is an artist with an uncanny instinct to follow each production with a continuation of the previous thought, all the while pushing his boundaries with an unexpected twist and glance towards a new level of depth. Slick and smooth beats wrapped in layers of biting texture. Beautiful while remaining tough. Anton Neumark has created his own trademark sound in a world where an original idea is worth it's weight in gold.
